

Not sure what to study?

Good. Let's think it through.

A calm, structured way to choose a field for higher studies — for students who keep hearing conflicting advice and don't know which direction is really theirs.

01

Mindset — a field is a door, not a destiny

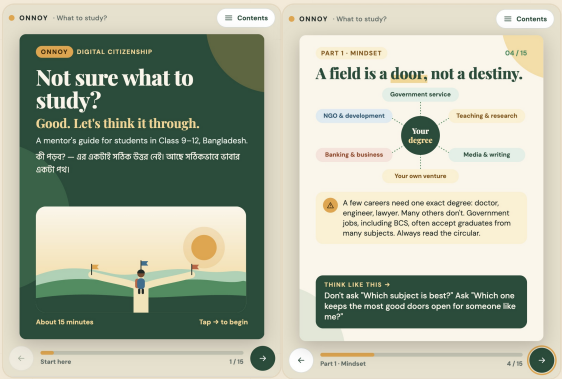

02

Know yourself — the real-world limits

03

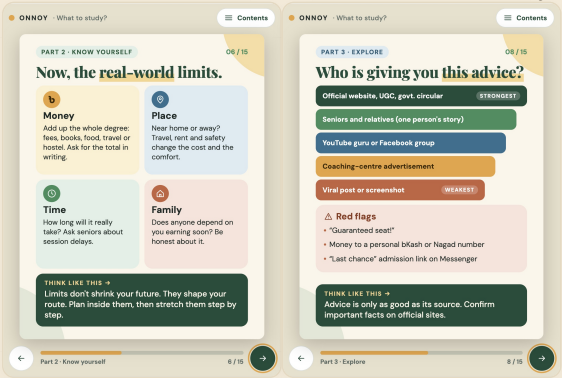

Explore — who is giving you this advice?

A field is a door, not a destiny

Now, the real-world limits

Who is giving you this advice?

Don't ask "Which subject is best?" Ask "Which one keeps the most good doors open for someone like me?"
