

THE BOY BEHIND THE SCREEN

A little story about screens,
feelings and finding our way back
to each other

Just Five More
Minutes...

"Five more
minutes, Mom."
Rafi said it every
day.

Five minutes
became an hour.

His mother
called him for
dinner.

He didn't look
up.

She wasn't
angry.

She just
wondered,
"When did my
little boy start
feeling so far
away?"
